DETAILED ACTION

Claims 1-8 are pending and have been examined.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-8 are rejected under 35 U.S.C. 102(b) as being anticipated by **Romer** et al., “Instrumentation and Optimization of Win32/Intel Executables Using Etch”, 08/1997. The rejections can be found in the previous office action mailed 20 April 2006.

Response to Arguments

Applicant's arguments filed 18 July 2006 have been fully considered but they are not persuasive. Applicant argues **Romer** does not disclose “adjusting the profile ...” or “predicting an impact on the profile”. For both of these issues, as the executable is optimized and manipulated so will be the profile of that executable. Therefore, **Romer** does indicate adjusting and predicting with regard to the executable. Additionally, the executable in the case of **Romer** is the vehicle for the profile (page 2, right column, second paragraph,

“instrumentation module has the opportunity to instruct Etch to examine and possibly modify the executable, e.g., to insert measurement instructions”).

Therefore, the arguments are not persuasive and the rejections are maintained.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
